Program Management Professionals (PgMP)[®]

Examination Preparatory Course

WHY CHOOSE THIS TRAINING COURSE?

Program Management is the process of managing several related projects, often with the intention of improving any organization's performance. The discipline of program management requires a refined set of business and leadership skills that are vastly different from that of a project manager. However, being an effective program manager still requires a firm foothold in project management as the discipline of program management is the next logical step in the career progression.

This Program Management training course in Dubai focuses on core disciplines required to deliver strategic objectives. It includes a walk through the entire life cycle of a program while facing the types of realistic challenges that are encountered in any program. The training course will provide the tools and techniques for program governance, program planning, effectively managing stakeholders and ensuring that your program realizes its benefits and defined objectives.

The training course is designed to achieve the Project Management Professional (PgMP)[®] certification.

This COPEX training course will feature:

- The steps needed to complete your exam application and meet the required criteria
- Understand and prepare how to pass the PMI[®] PgMP[®] certification examination
- Navigate the processes and knowledge areas of The Standard for Program Management 4th Edition
- Use effective program management tools and techniques
- Identify and implement best practice program management governance

HOW WILL THIS TRAINING COURSE BE PRESENTED?

This training course will utilize a variety of proven adult learning techniques to ensure maximum understanding, comprehension and retention of the information presented. This includes case study presentation, lecture-based presentation, video and audio inserts, simulated exams and exam practice.

WHAT ARE THE GOALS?

By the end of this COPEX training course, participants will be able to:

- Understand terms, acronyms, and formulas specific to PgMP[®]
- Learn the risk processes and knowledge areas specific to the Program Management Standard
- Recognize inputs, tools and techniques and outputs for program management
- Comprehend test taking strategies
- Understand PMI's specific methods, processes and expectations for managing programs

WHO IS THIS TRAINING COURSE FOR?

The Project Management Institute's (PMI)[®] PgMP[®] defines the global standard of best practices for program management professionals. As a result of attending this training course, you will be equipped with the knowledge and skills to effectively navigate the program management discipline and successfully prepare for and pass the PgMP[®] certification exam.
