Shipping Management, Leadership and Strategy

Creating Value in Shipping

WHY CHOOSE THIS ONLINE TRAINING COURSE?

This highly current online training course will provide the basis for understanding the trends which prevail in shipping at present and provide the tools for unlocking your potential. This is primarily intended for professionals who already have exposure to shipping. This training course is designed to support participants in updating their knowledge of the sector and developing their skills in order to enhance their confidence and motivation and become successful strategists and leaders.

This COPEX online training course will provide a bridge to participants for achieving the next level of effectiveness, revitalising their visions and investing more successfully on people and strengths. Additionally, this training course will provide an 'MBA level' experience in terms of content, instruction, discussion and team exercises.

This online training course will feature:

- Shipping, trade and finance
- Maritime and port operations
- Legal frameworks
- Delivery of vision through the human element
- Creating value

WHAT ARE THE GOALS?

By the end of this online training course, participants will be able to:

- Identify current trends in shipping management
- Gain a better understanding of the legal environments surrounding shipping
- Understand game drivers in shipping for generating growth
- Integrate new perspectives and enhance strategic thinking
- Identify their leadership potential

WHO IS THIS ONLINE TRAINING COURSE FOR?

This COPEX online training course is suitable to a wide range of professionals but will greatly benefit:

- Executives and managers ashore from the shipping and oil and gas industry
- Maritime professionals working onboard
- Independent maritime professionals
- Administrators
- Senior professionals from other sectors

HOW WILL THIS ONLINE TRAINING COURSE BE PRESENTED?

This COPEX online training course will make use of a variety of proven adult learning techniques to ensure maximum understanding, comprehension and retention of the information presented, and deliver an exciting and meaningful learning experience. This includes lectures with active delegate participation including problem solving, reflection and discussions. Several experiential exercises will be used, with the focus being placed on current trends, industry best practice and the interaction of attendees.
